

One Eastern Devon LCP Forum Action Grid
5 August 2026

Action no.	Comments	Lead	Outcome
Wednesday 5 August 2026			
2a	KA to send an email to the group with a clear and specific request for feedback on priorities and ideas for the use of potential neighbourhood health funding, ensuring it is not framed as another pilot and clarifying the focus on frailty and winter challenges.	KA	This was actioned via the steering group papers (and set out in the decision-making criteria)
2b	FC collate and curate feedback received from group members regarding neighbourhood health funding priorities and share it at the upcoming neighbourhood steering group meeting and the program meeting.	FC	Events have overtaken this action and that priorities are being led by ICB decision making at this stage.
2c	KA formulate group responses for three funding scenarios (no money, a little, a lot) to prepare for discussion at the next neighbourhood steering group meeting.	KA	Superseded by the ICB announcement that funding was being released to Eastern Devon.
7	FC/KA follow up with IV and Simon Rapsey to ensure updates on neighbourhood flow and HIU are included in the agenda for the next meeting.	FC/KA/IV	Updates on the agenda for 28 October 2026. Completed.
8	All participants review and suggest additional members or representatives (e.g., DCC Head of Community, Chamber of Commerce, Adult Social Care, blue light services) for inclusion in the governance and board and send suggestions to FC/AH/IV.	All	Nicky Baker and Kate Holliday from Devon County Council Adult Social Care have been added to the Representation List for the One Eastern Devon Executive Board. No other names were added. Additional representatives needed from Housing, Police, SWAST and Devon and Somerset Fire & Rescue Service. Ongoing.
